Issues of photographing and copyright

The Confirmation Training of the Finnish Association for Children and Youth – LNK ry takes some pictures and/or video to use in different contexts. E.g., in advertising Confirmation Training, in publications and internet / social media pages: our net pages, in Instagram and Facebook. The name of the participants in the picture is not published.

I accept that photos and videos of our young adolescent and his production can be given to the organization. These products can be published at public relations, prints, and published in magazines, net pages and at social media.
